

# Professional Representation

## Why no other broker can equal **ADS Florida's** professionalism.

We are the most experienced practice transitions firm in the state, recognized nationally for the quality of our work. You can count on ADS Florida for the knowledge and expertise that leads to a successful outcome. Compare with other brokers and see why...

ADS Florida, LLC	Other Brokers
<b>OVER 35 YEARS OF EXPERIENCE AND EXPERTISE IN DENTAL BROKERAGE CONSULTING AND APPRAISALS</b>	
And that's not combined experience. Our company was founded in 1974 and has been operating in the state longer than any other broker. We are the only Florida firm to meet the stringent standards placed upon members of ADS nationally. ADS Florida's team also serves as transition specialists for prominent practice management and teaching organizations as well as the exclusive transition specialists for Pride Institute.	<b>NO</b>
<b>EXPERT REPRESENTATION BY AN EXPERIENCED, FULL-TIME, LICENSED AGENT</b>	
Our team provides professional service that cannot be equaled by any other dental practice transition firm in the state. We ascribe to the highest ethical standards and focus on finding the right transition strategy for each doctor and practice. Our transitions methodology and documentation is consistent with or better than the best in the country - creating win-win-win deals for purchaser, seller and patients alike.	<b>NO</b>
<b>INSURED FOR ERRORS AND OMISSIONS</b>	
We are the only Florida broker to carry Errors and Omissions coverage for your security and peace of mind.	<b>NO</b>
<b>UTMOST CONFIDENTIALITY AND PROFESSIONAL BEST PRACTICES</b>	
<ul style="list-style-type: none"> <li>■ 100% confidentiality and privacy for sellers and buyers alike.</li> <li>■ No practice photos available without buyer confidentiality agreement.</li> <li>■ Value analysis at no extra charge with a listing.</li> <li>■ Industry best transition documents provided for legal review.</li> <li>■ No fees to buyers to view practices. (No fees to buyers at all.)</li> </ul>	<b>?</b>
